FIRST OF FIGHTING 32ND BACK HOME

FIELD ARTILLERY UNIT, 119TH,
GETS ROUSING WELCOME
ON RETURN TO STATE.

DETROIT TURNS OUT EN MASSE

Thousands Line Streets As They
Pass in Parade.

Detroit—With a roll of drums and a cheer from the thousands of welcoming Detroiters gathered before the Michigan Central Station to greet the 119th Field Artillery Monday morning, the first of the fighting 32nd Division to reach Detroit swept down the broad way of Michigan avenue and on to the parade down-town as scheduled.

The 119th Field Artillery, whose standard bears the streamers of five fronts through which the red arrow of the 32d was driven resolutely by the night and spirit of those boys of ours, was the first of the Michigan-Wisconsin National Guard division to come back to Detroit; the first home-town volunteers to arrive in a body.

The crowds started to gather at 5 a. m. beside the station and waited in the gray dawn for the first section to thunder into the station. It was a duplicate of scenes that have been enacted several times in the last few weeks. Mothers and wives and sweethearts struggled to the fore of the surge of the welcomers to seek the boys they had sent overseas and who for many long months had fought a grim way through some of the bitterest fighting of the gigantic struggle. Through greeted the boys down-town. Washington boulevard was lined with cheering people. At this point the march of the returning fighters had lost all semblance of military order. Relatives of the returning heroes, men, women and children formed in line with the soldiers and marched with them through the streets.

PREPARE FOR 339TH RETURN

Forces in Archangel to Be Sent Home
Early in June.

Archangel—Tentative arrangements are being made to begin the withdrawal of American troops from North Russia early in June. These plans have been taken up because of the public announcement of the plans of the United States Government by Newton D. Baker, Secretary of War; but no definite orders have as yet been received by the American command.

American troops have not been engaged on a large scale in the last months fighting.

EBERT FORCES TAKE LEIPSI

Spartan Leaders Arrested When
City Falls.

Berlin—German government troops have occupied Leipzig. A number of Spartan leaders there have been arrested.

Copenhagen—The occupation of Leipzig by some thousands of soldiers belonging to the forces of Gustave Noake, the minister of defense, was a complete surprise, says a dispatch from Berlin to the National Tidende. The Spartans were able to make only a slight resistance. A state of siege was immediately declared and troops were taken to restore the authority of the government.

2,000,000 YANKS DISCHARGED

Demobilization Proceeding At Rate of
Over 300,000 a Month.

Washington—Demobilization of the war army has passed the 2,000,000 mark. General March, chief of staff, announced the number of troops returned from France now exceeds 1,000,000.

The movement from France during April totaled 203,178. General March said that the acceleration of the official schedule is proceeding to the point where it seems certain the official estimate of 210,000 a month will be reached and exceeded.

Wounded soldiers in France now total only 1,192; official records show. The official total for demobilization announced May 10 is 2,010,671, of whom 104,476 were commissioned officers.

Airplanes to Stop Forest Fires.
Washington—Army airplanes June 1 will begin patrol of California forests to watch for and give warning of fires.

U. S. to Buy 200,000 Tons of Halls.
New York—Walker D. Hines, director-general of railroads, announced here that the Railroad Administration will ask immediately for bids for 200,000 tons of steel rails. Mr. Hines announced was made after he had been informed by his representatives that they had been unable to induce representatives of the large manufacturers at a conference here to agree on a reduction of steel prices, requested by the Industrial Board of the Department of Commerce.

HIGHLY ESTEEMED LADY PASSED AWAY.

Was Stricken With Paralysis. Ill
Less Than a Week.

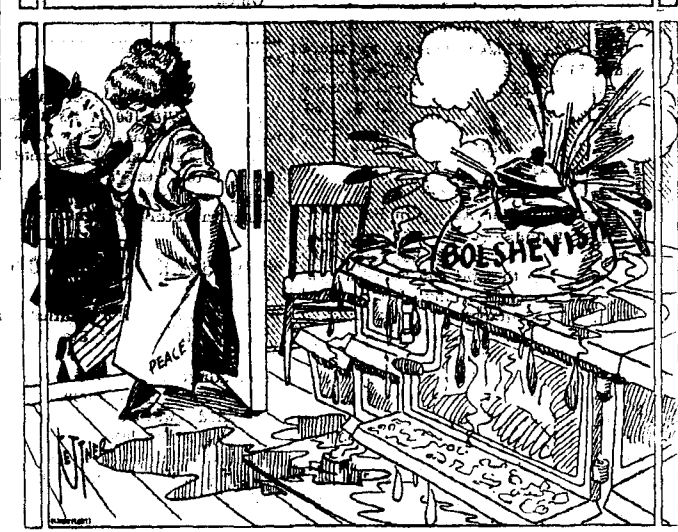

Many were the words of regret spoken in our community last Friday, when it became known that Mrs. Anna Petersen had passed away. Death occurred at her home at 11:20 a. m. of that day in the midst of her children, who had been constantly at her bedside from the time she was taken ill. It was while at the Danish dancing party on the evening of May 3rd that Mrs. Petersen was stricken with paralysis. A Danish show followed by a dance is an annual affair with the

And in the Meantime

Danish people and everyone old and young are always invited. It is an occasion that the Danish people look forward to each year. Mrs. Petersen attended as she had for many years before and had appeared to be in good health. She had finished dancing one of the Danish polkas and was resting when she was stricken. At first it was thought that she had only fainted, but as she did not regain consciousness she was hurriedly removed to her home and a physician called. From the evening the lady was stricken until death she was in a state of unconsciousness most of the time, and unable to speak only at times and then not very clearly. The last few days she seemed to rally for short intervals, and it was hoped that she would recover, but Friday morning she failed rapidly until the end came, which was at near noon.

Mrs. Petersen who before her marriage was Miss Anna Petre Rasmussen was born in West Keppinge, Denmark, April 17, 1867. She came to America August 6, 1887 and directly to Grayling, and on March 26, 1888 was united in marriage to Mr. Christian Petersen. To them were born eight children, two of whom died in infancy. Mrs. Petersen was left a widow when her husband died June 28, 1902, to care for her six children, who are Mrs. Lena Ford, Thorwald P., Adolph, Axel, Guy and Miss Anna.

The funeral services were held Monday afternoon at 1:30 o'clock at the home, Rev. Kjolhede officiating with a short prayer. At the Danish-Lutheran church at 2:00 o'clock, a large number of friends of the family had congregated to pay their last respects to the deceased, who was so well and favorably known to many. The choir composed of Mrs. Will Green, Mrs. Kjolhede, the Misses Ingeborg Hanson, Inger Hanson and Margaret Nelson and Mrs. Neils Nielsen sang a number of pretty hymns and Rev. Kjolhede preached a very impressive sermon in the Danish language, while Rev. C. E. Doty of the Michelson Memorial church spoke a few words, taking for his text, "This Mortal must put on Immortality."

The casket was heavily laden with beautiful floral wreaths and streamers; also the altar rails and several tables were covered. In fact there were so many flowers that not more than half of the floral pieces were taken to the church and cemetery.

The four sons assisted by Carl and Herluf Sorenson acted as pall bearers, and interment was at Elmwood cemetery.

The deceased, deprived as she was early in her married life of the companionship of her husband, assumed the responsibility of guiding to young manhood and womanhood a large family of young children. No doubt it was a heroic struggle but such efforts as hers, founded upon the principles of Christianity, were bound to bring success, and when in the last days of life here on earth, she was found surrounded by all her children, devoted to her in every thought and act, and filled with hope for her recovery. There is none so noble as a good mother and it is to be regretted that after passing thru many years of sacrifice, worry and labor in the interest of her children that the mother of this family could not be spared for many years to come, thus to enjoy the fruits of her earnest efforts. It must have been with pride that Mrs. Petersen watched her boys and girls grow up and as they one and all entered into useful occupations and business enterprises and to know that they are held in high confidence of the citizens of this community where they are best known. She has done her work and lived her life but the devotion and years of influence will live long with those who survive to reverse her memory.

The eighth grade examination will be held May 28 and 29. The examination in reading will be based on "Columbus" published as bulletin No. 27, which bulletin may be secured from the County commissioner. The examination will be held in the high school buildings in Grayling and Frederic.

Ford

THE UNIVERSAL CAR

When you want your Ford car repaired insist always upon getting the genuine Ford Parts, made by the Ford Motor Company, in order to insure reliable quality. There are "spurious," "counterfeit," "imitation" parts made by outside concerns who have no regard for quality in material, so insist on your Garage or Repair Man furnishing you the genuine Ford Parts. All reliable garages may now buy the genuine Ford Parts from us—so there's no excuse for any one using the "bogus" parts. To be sure, bring your car to us for repairs or replacements.

GRAYLING, THURSDAY, MAY 15.

ELDORADO NUGGETS.

James F. Crane returned to Bay City Monday after having been at home part of last week. Several of the Grand Jurors were excused for a few days.

News has reached here of the birth of a young daughter to Mr. and Mrs. H. A. Cass of Chicago. Mrs. Cass was formerly Miss Margaret Elliott. Louise Kreutzer returned home last week, having finished her term of school in the Huff district, Roscommon County.

Mr. and Mrs. C. J. Hathaway and son, Milton, accompanied by Miss May Whipple of Grayling, and Mrs. Mattie Funch of this place, who has been visiting friends in Grayling the last few days, drove down in Mr. Hathaway's new auto Sunday and took supper at the Funch home, returning via Roscommon.

The postponed meeting of the Eldorado branch of the Farm Bureau will be held at the school house Thursday evening, May 22nd.

All who attended the social and dance last Friday evening report a very good time.

The next meeting of the Eldorado Literary club will be held Saturday evening, May 24th.

Mr. Ernest Patterson of Pontiac and a couple of friends spent the week end at the Redhead farm on the AuSable.

John B. Redhead left last week for Asheville, N. C., after a short visit to his home on the river. Mr. and Mrs. Redhead spent last winter there on account of Mrs. R's health and now expect to reside there for some time.

Gaylord Knight is the proud possessor of the measles.

Violet Williams spent the week end with her sister, Mrs. Fred Hartman. Sunday School opened in the school house last Sunday.

GRAYLING BEATS FREDERIC 20-14.

The fans at Grayling Ball Park saw a fast and thrilling game Sunday. The batteries for Frederic were Callahan and Johnson, while Grayling had Karpus and Smith.

The Frederic team started out with a rush scoring five runs the first inning. Grayling came back and scored as many.

After the first game both pitchers tightened up and threw real balls.

The large scores of both sides were due to the wiliness of both pitchers, each passing ten men. Considerable errors were made on each side. The most spectacular performance being made by Emerson Brown the Grayling shortstop—muffing thirteen possible chances.

"Lifty" Johnson of Frederic did some clever work with the stick, knocking the ball far and high.

The Scores Were as Follows:

	1	2	3	4	5	6	7	8	9
Frederic:	5	0	1	2	0	2	0	3	1
Grayling:	5	2	1	3	0	3	2	4

U. S. Seals Whisky At Auction.
Detroit.—Whisky valued at more than \$100,000 has been sent to Toledo by the United States internal revenue department. The liquor will be auctioned off to the highest bidder by the federal authorities before Ohio goes dry on May 26.

Finds Burglar Asleep in Parlor.
Big Rapids, Mich.—When Mrs. Fanny Olds returned to her home late at night she thought she heard a saw-mill in operation and then found Frank Lorocque slumbering upon a couch in the parlor. He is now resting in the county jail for 60 days.

One Auto to Every 12 Wolverines.
Detroit.—There is one automobile in Michigan to every 12 persons, and the state in per capita automobile ownership leads all states east of the Mississippi river. Figures show that there are 262,125 automobiles in Michigan, which has a population of 3,155,000.

Berger Asks Seat in House.
Washington.—Victor Berger, socialist representative-elect from Wisconsin, and under jail sentence for wartime violation of the espionage law, has sent a personal appeal to every member of the house that he be seated, while on bail pending appeal to the supreme court.

MacKay Offers to Cut Wire Tolls.
New York.—Clarence H. MacKay, president of the Postal Telegraph Co., has told Postmaster General Burleson he will reduce rates 20 per cent within 24 hours if the Government will return the lines, and save American people \$1,000,000 a month. Company grants employees eight-hour day.

Soldier, Ex-Gangster, Made Citizen.
Albany, N. Y.—Gov. Smith has restored to citizenship Edward "Monk" Eastman, once notorious as a New York gangster, now famed for fighting qualities, displayed against the Germans in the breaking of the Hindenburg line. Eastman was deprived of citizenship 10 years ago following a prison sentence.

One-Half of French Youths Killed.
Paris.—Capt. Andre Tardieu, head of general commission for Franco-American war matters, recently announced that he had made an investigation into the number of French soldiers killed between 30 and 31 years old. He found that 56 per cent had lost their lives. That is, more than half of France's youths had disappeared.

Auto With Boozie Tank Abandoned.
Ann Arbor.—An automobile is being held by Sheriff A. C. Pack, Washtenaw County, until its owner claims it and explains the presence of six gallons of whisky in a tank cleverly concealed in the body. It was abandoned near Milan, when its owner discovered he was being followed by a deputy sheriff. The tank was not discovered until the car was brought to Ann Arbor.

Oppose Sending Men to Russia.
Washington.—Senators Borah and Johnson have issued statements criticizing the plan of the War Department to recruit 5,000 men to serve as replacement troops for the American force now in Siberia. Sen. Borah declared "it was deliberate murder to send the men to Siberia." Both Senators stated that since the United States was not at war with Russia it had no right to send armed forces into that country.

Sailor Killed Boiling Shrapnel.
Philadelphia.—Explosion of a French 75 shrapnel shell which was being boiled to remove its coating of paraffin killed Harry Robbins, 30 years old, seriously injured his young sister and tore away the rear wall of his home. Robbins, a sailor, brought the shell home from a recent trip abroad on a cargo ship. He made repeated efforts to extract the shrapnel and finally resorted to boiling it to remove the paraffin from the nose. The heat caused a terrific explosion.

Suggestion for a Camping Trip.
Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

V LOAN GOES OVER LAST DAY OF DRIVE

TOTAL OF SUBSCRIPTIONS MAY EXCEED SIX MILLION OFFICIALS SAY.

ONLY 4,500,000 TO BE ACCEPTED

Totals Will Not Be Tabulated for Nearly Two Weeks—Michigan Overseas Subscribers \$145,000,000.

Washington.—The fifth and last popular war loan of the United States has been oversubscribed.

Although the approximate total subscriptions will not be known for nearly two weeks, figures available show the Americans have responded generously. Like its predecessors, the Victory Liberty Loan jumped on the last day of the campaign above the mark set as its limit. Saturday brought an avalanche of subscriptions which banks could not attempt to count until this week.

Officials would not be surprised to see the final figure go to nearly six billions. Only \$4,500,000,000 will be accepted.

Michigan 30% Over Quota.
Detroit.—With 60 of its 84 counties "over the top" for an over-subscription of \$145,000,000, or 30 per cent in excess of the state's quota, Michigan closed its part of the Victory loan campaign Saturday night.

WETS SEEK DELAY OF DRY ACT

Prepare to Ask for 6 Months' Grace to Dispose of Stock.

Washington.—A movement to secure a six-month postponement of the scheduled war-time prohibition on July 1, will be launched in congress at the extra session, according to reports circulated in quarters close to the distilling interests.

It is understood that certain New York banking interests, which are carrying a good deal of distillers' stock, are behind the movement.

There are remaining in bond approximately 60,000,000 gallons of hard liquor, it is estimated, one year's consumption for the country in ordinary times. There is not time between now and July 1 to dispose of this stock except at a tremendous sacrifice, if it could be disposed of at all in that time.

Bonus Payments Completed.

Washington.—Payment of the \$90 bonus authorized by Congress to all men honorably discharged from the Army since April 7, 1917, has been virtually completed. The War Department recently announced there were approximately 1,400,000 claims involved, totalling about \$34,000,000. Claims for travel allowance of five cents a mile to enlisted men honorably discharged since the armistice are now being issued by the army director of finance.

DALLAS MAN HEADS AMERICAN LEGION

COL. HENRY D. LINDSLEY.

St. Louis.—After a stormy debate Col. Henry D. Lindsley of Dallas, Texas, head of the U. S. war risk insurance bureau, was elected permanent chairman of the American Legion, the new organization of veterans of the war against Germany.

Efforts of the delegates to the National Caucus, to force the chairmanship on Lieut. Col. Theodore Roosevelt failed.

ALLIES READY TO FORCE TERMS

Will Occupy Germany If Treaty Is Not Signed.

London.—In the event of Germany not signing the peace treaty, which is regarded as unlikely, all military arrangements have been made for the Allied armies to advance exactly as they would have done had Germany not accepted the armistice terms.

All Nations Wanted More.

Washington.—Intense national instincts and desires of peoples throughout the world are revealed in the various attitudes taken toward the treaty of peace. The German press of all parties demands that the government refuse to sign the treaty. The government, it is declared "officially," will refuse to sign any point which provides for "the oppression of Germany."

Belgium's peace delegates are aroused over the announced intention to give the East Africa mandate to Great Britain.

French commentators generally "condemn the treaty with faint praise."

English papers find fault with the damages awarded the British empire.

Republican senators announce their intention to fight the proposed tripartite alliance (America, Britain and France) and to separate the League from the treaty before ratification of the latter.

Allied comment, without exception, praises the penalties imposed on Germany; German writers, in turn, declare their government will not agree to the extradition and trial of the former emperor.

Officials Concerned Over China.

Serious concern is felt in official circles here over the agitation in Peking and Tokio, in opposition to ratification by China of the peace treaty. Japanese warnings to Chinese authorities, it is feared, may be the prelude to action should any Japanese subjects suffer violence.

Almost total suspension of cable service between China and the United States at this particular moment has added to the feeling.

Chinese Riot Against Japs.

Peking.—National sentiment has been aroused in Peking and throughout China over the peace conference decision regarding Shantung and Kiaochow. The press is united in demanding that the territory be returned to China.

MOTOR BUS TO RIVAL TROLLEY

Company Formed to Operate Double Deck Autos in Detroit.

Detroit.—Double deck motorbuses, similar to the Fifth Avenue buses which carry three and one-half million passengers monthly in New York city will be in operation in Detroit before the end of this summer, according to Richard W. Meade, former president and general manager of the New York Coach company, now president of the Detroit Motorbus company.

U. S. Army Trucks Given to States.

Washington.—More than \$45,000,000 worth of motor trucks have been turned over to the department of agriculture by the war department and are ready to be distributed to the various state highway departments through the bureau of public roads. The trucks numbering about 20,000 and a majority of which are new, are a part of the surplus left on the hands of the war department when the war ended. They are to be used on road construction work.

Do Your Best.

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.

THE COUNTY AGENT'S COLUMN

The County Agent's conference for the Northern District of Michigan held at Kalkaska on May 5, 6 and 7 was devoted largely to the grasshopper control problem and the Community Organization. Testimony of farmers and officers of the Kalkaska Farm bureau revealed that a large amount of good had been done last season in fighting the grasshopper in that county. It was also brought out by W. F. Haywood of South Boardman who really is the man who demonstrated the success that can be attained in fighting grasshoppers, by having fought them with paria green for the past two or three years and saved his crops when his neighbors who did not undertake any control lost theirs, that an individual can save much of his crops fighting alone, although it makes it more difficult and expensive than when the communities get together and take care of the roadsides and some of the waste places which form the greatest breeding ground.

It was also brought out that when directions are followed that the danger of loss of stock is absolutely none. Not even a chicken was poisoned in that county last year during the fight, and only one heifer was lost by a man who thought he could improve on the directions and threw his poison around with a paddle in "turps" instead of sowing it. Three head were lost at a shed where they had mixed the poison and left the door open. The cattle got in there and there was enough poisoned salt on the ground where they had mixed it to kill three head. This was pure carelessness.

Don B. Whelan, Extension specialist from the department of Entomology.

ogy M. A. C. has been in these counties for two days with the County Agent helping organize the Grasshopper Control program. Many of the leading farmers and Farm Bureau officers have been interviewed and arrangements made for meetings to organize and "get set." Possibly there may be no need of fight, but we would be very foolish to get idle and not get ready. Each farmer should see to it that he has a little molasses or syrup around the house at that time and some salt. Half a cup of molasses and about 1 pound of salt is all that is required for a bushel of the mixture and this will care for about three acres. So the expense is very small. Of course all the land in a farm is not sown.

Twenty-six farmers are putting on demonstrations with Rural Russet or Petoskey Golden Russet potatoes in the counties in the campaign to standardize the potato crop. These potatoes should be planted on a clover sod plowed under if possible. The ground should be worked until as fine as possible. Every stroke of work done to potato ground before they are planted is just that much done after they are planted. The seed should be treated with corrosive sublimate for black scurf or if there is no black scurf on the seed should at least be treated with formaldehyde. During the growing season C. W. Waid, the potato specialist from M. A. C. and Secretary of the Potato Growers' association or some of his assistants will come into the county and visit as many of the demonstrations as possible and rogues out all diseased potatoes and those not true to variety. What he is unable to visit the County Agent will undertake to attend to.

Miss Mabel Rogers of the Department of Home Economics M. A. C. has completed her two weeks work among the women of these counties in the Home demonstration work and is highly gratified with the results and the interest shown by the women of the counties. A whole lot of work has been done, aside from the school children and some

men have attended the demonstrations and evidence of the interest shown and the practical instruction received is shown by the fact that more than a score of fireless cookers are either now constructed or under the process. It is expected during the year that specialists on foods, sanitation and hygiene, clothing, which includes selection of materials, sewing, sewing machine accessories, home dyeing, etc., home decoration and many other practical lines will come to these counties and hold demonstrations.

The County Agent has succeeded in locating the next conference of County Agents for the Northern district of Michigan at Grayling. The conference will be held at Grayling on July 17 and 18. One day is to be devoted to work and the 18th to play. The County Agents are what might be termed a hard working bunch, when in conference, never playing at all, but this time it is planned to hold a regular field day, the program of which will be announced in the near future. The agents passed a resolution to bring their wives and the officers of the Farm bureaus of the counties represented are being invited to this conference bids fair to be the most distinguished of its kind.

TRIBUNE-FORD SUIT UNDER WAY

Million-Dollar Case Being Tried At Mt. Clemens This Week.

Detroit—Eyes of half the world, particularly the state of Michigan and Chicago, are focused on the red brick courthouse at Mt. Clemens this week, where hearing began Monday on Henry Ford's million-dollar libel suit against The Chicago Tribune.

Because of the prominence of both sides the broad scope of the issues involved and the tenacity of feeling on both sides, the trial is likely to take a place with the great cases of national history.

The suit is based on the Tribune's editorial published at the time of Mexican military expedition, characterizing Henry Ford as an anarchist because of his apparent apathy toward the protection of the border and his opposition to military preparedness.

TRANS-ATLANTIC FLIGHT BEGUN

Three American Hydro-Planes Attempt Flight Across Ocean.

New York.—The first trans-Atlantic flight was begun May 8 when three NC (Navy-Curtiss) hydro-airplanes left the Government's air station at Rye Beach on the first leg of the journey, Rye Beach to Halifax, a distance of 540 miles.

When the giant American hydro-airplanes finally speed away into the east, over the Grand Banks and the broad Atlantic, after completing the first and second legs of their trip, they will enter on a course not only carefully charted, but patrolled by rescue and repair ships all the way to the Portuguese coast.

Looking on the cruise not as a sporting venture, nor as an attempt merely to win for the United States the honor of the first trans-Atlantic air flight, but as an undertaking for the advancement of science and seamanship, the American Navy placed its own vast resources at the disposal of the aviators, and enlisted those of other government departments in an effort to reduce to a minimum chance of accident.

Michigan News Tersely Told

Hart—M. Enow was drowned in a pool of water eight inches deep when he fell.

Battle Creek—Mrs. Laura Kelley has been named a new policeman for Battle Creek, succeeding Miss Mary Henry.

Crosswell—Hundreds of sugar beet workers are being brought to this place to make ready for work in sugar beet fields.

Read City—Three men found dead in their homes within three months in a town of 300 population is the record of Hersey, Mich.

Grand Rapids—This city will be a headquarters for a company of Michigan State Troops, to aid in enforcing the Prohibition Law.

Kalamazoo—The annual convention of the Michigan Association of Sheriffs, Police Chiefs and Prosecuting Attorneys will be held at Muskegon July 8, 9 and 10.

Powers—Because teachers here requested an increase in pay to \$900 for a ten-month school year, a committee of the school board will engage new teachers next season.

Pontiac—A Negro crap shooter made his escape from officers by diving through a second-story window and rolling down a roof when they raided a rooming house.

Hartford—At a meeting of business men of Van Buren County it was decided to close stores Tuesdays, Thursdays and Fridays at 6 p. m., and on other weekdays at 9 p. m.

Grand Rapids—While employees were engaged in their tasks, thieves entered the local Y. M. C. A. and opened the safe in the secretary's office, escaping with \$250.

Detroit—A home-going crowd on a Fourteenth line car was so dense that Isaac Murray, 24 years old, was forced through a closed window, suffering severe cuts from the broken glass.

Bessemer—George Roe, the driver, was instantly killed and three companions were seriously hurt when an auto capsized on a county road at Ironwood, going at 50 miles an hour.

Manistee—Development of cutover land in this county is arousing considerable interest. R. M. Hoffman and W. P. Martin are at the head of a movement to stimulate stock raising here.

Lausling—Dr. R. M. Olin, secretary of the state health board, was appointed state health commissioner immediately following the signing of the Moore bill by Governor Sleeper creating that position.

Traverse City—Housing arrangements are being made for 1,000 delegates expected to attend the annual encampment of the G. A. R. and United Spanish War Veterans, to be held here June 18, 19 and 20.

Detroit—George Pomeroy Goodale, for nearly 54 years dramatic editor of The Detroit Free Press, and the acknowledged dean of the fraternity in this country, died at his summer home, Windy Vale-O, just north of Royal Oak.

Corunna—The marriage in Detroit of Miss Doris Eveleth, of Corunna, and Irvin Luke, of Detroit, culminated a romance which began when Miss Eveleth, a nurse at Harper hospital, Detroit, nursed him back to health last winter.

Detroit—Joseph H. Lewis, retail clothier, is suing Western Union Telegraph company before a jury in Judge Webster's court because the defendant made a mistake in one word in a telegram. The mistake, the plaintiff alleges, cost him \$127.

Monroe—Twelve men taken from a Michigan Central freight train, charged with stealing rides, were sentenced to 60 days in the county jail. They will be used in road work. All denied ownership of 1,000 quarts of whiskey found on the train.

Ludington—Falling backward into a boiler of scalding water Agnes Wickett, 5-year-old daughter of Mrs. Robert Foss, met a tragic death. Although mother answered her daughter's screams, the flesh on the child's trunk was cooked when she reached its side. The father of the little one was killed when his back was broken as he was loading logs, five years ago.

Detroit—With no more show of emotion than might have been expected if he were reciting details of some childish prank a 14-year-old boy sat in Judge Huribut's court chambers and told how his greed for pennies with which to buy candy induced him to shoot and kill "a lady." The boy is John Rossello and the "lady" was Mrs. Ada Rice, whose murder in her confectionery store at 2475 Hamilton boulevard, had baffled Highland Park police.

Calumet—Recent curtailment of the working forces of the C. & H. and subsidiary mines as well as other copper producers to the extent of 2,000 skilled miners and surface workers, has augmented the exodus from the copper country to Detroit, Flint, Pontiac and other automobile centers. Men have been leaving here at a rate of 30 to 40 daily. Because of the steady accumulation of unemployed copper workers, which now virtually equal the world's normal needs for a year, the mines find it necessary to reduce their output.

Suggestion for a Camping Trip. Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving. As a rule it cannot be obtained when on a hunting, fishing or sporting trip. Neither can it be obtained while on board the cars or ships and at such times and places it is most likely to be needed. The safe way is to have it with you.

Kalkaska—Frank Pudney, 60 years old, founder of the potato warehouses of this section, is dead.

Scotts—A co-operative marketing association has been organized by 75 farmers of the community.

Iron Mountain—After being stationed here for nearly a year, the state constabulary force has left.

Detroit—Location for a national air service station in Detroit is being sought by the air service division of the war department.

Saginaw—Miss Beatrice Warner, probably the first Michigan woman to hold such a post, has been appointed by Mayor Mercer as city market and food inspector, succeeding George H. Carter.

White Cloud—Wesley Hepiustal says that one of his hens laid three hard-shelled and four soft-shelled eggs in one day and then died. He had taken the hen into the house because it appeared sick.

Holland—Miss Florence G. Hamilton, of Douglas, and Capt. George B. Prugh were married here. They expect to spend their honeymoon on the banks of the Rhine, where the captain has been ordered to duty.

Detroit—Names of 900 Detroit men, alleged to have evaded orders of local draft boards, will be published by Federal authorities. Those convicted of draft evasion will be subject to fine of \$1,000 or one year's imprisonment.

Kalamazoo—Bond issues aggregating \$300,000 were approved by the school electors of Kalamazoo at the special election. The proposition for a new \$500,000 school building in Frank street carried by only one vote.

White Pigeon—A new carton factory to employ 100 men will be erected here this spring by the White Pigeon Paper Mill company, composed of Chicago and Kalamazoo investors. Work on the \$75,000 plant has been started.

Jackson—Penniless, although having a bank book containing \$2,376 to his credit in Newark, N. J., John Madagasc pleaded guilty in police court to a charge of vagrancy and was sentenced to serve 65 days in the Detroit house of correction.

St. Helen—W. F. Johnston, county agent, has purchased 10,000 pounds of crude arsenic oxide to be used by the farmers of Roscommon County in their fight against grasshoppers. J. F. Whalen, of the M. A. C., is here to give instructions in the use of the poison.

Battle Creek—Mrs. Grace M. Darby has lost a swarm of bees because they fed from trees sprayed with a poisonous solution. She has taken up the matter with Fred Barnard, deputy dairy inspector. She claims that trees were sprayed too early and that unless the system is changed all beekeepers will suffer.

Saginaw—Lieut. Bird Vincent, who resigned as prosecuting attorney of Saginaw County to enter the Army, landed in New York last week after nearly a year overseas and found awaiting him letters and telegrams offering him the post of attorney of his home town. The position has been held open for him since late in March.

Petoskey—Mrs. George Ross was drowned when an automobile driven by Guy Olney skidded when he attempted to halt the machine on the swing bridge and plunged into the Charlevoix channel. The steamer Kansas had just passed through and the bridge was just being closed as the car skidded, turned half way around and toppled over.

West Branch—Joseph Pedan, of Ogemaw county, is dead as the result of a peculiar accident. While driving to town with a hog for market he accidentally dropped a lighted match while lighting his pipe. His clothing

LETTER FROM J. CUTHBERTSON

Nevers, France.

April 14, 1919.

Mr. O. P. Schumann—

Grayling, Michigan.

Dear Mr. Schumann:

I will now take a few minutes time in writing a short letter to let you know, I am well and getting along fine, stationed here at Nevers, France. It has been a long time since I wrote but there has been no news other than I've been reading in the Avalanche. The censor is still on the job. We boys are all very anxious to return but must wait our turn. On

March 16th I had the greatest surprise of my life, when Tony Nelson, the Grayling fat boy stepped up and said "Hello Cub." We shook hands, then came the questions of various kinds, about home sweet home, and all the news each had received for the past three months. We finally decided to take a walk, it seemed like being home once more. I showed him about everything there is to see, even to the mighty Loire River. At 5 p. m. he boarded a train for LaGeurche, about 27 miles south of here.

On March 21st I left for England to visit relatives. I spent two days at gay Paris; two at Southampton, England; two at London, England and the other eight at Leek, Staffordshire, England. I certainly enjoyed the beautiful trip, having the best time I ever had over here. Paris is one of the most beautiful cities in the world. No city can compare with it for art. A bunch of us, accompanied by a Y. M. C. A. guide, who showed and explained about everything that is there to see. We visited the Notre Dame Cathedral, built the year of 1163, also the church the Germans shot thru on good Friday last with that 72 mile shooting gun. The hole has not been entirely mended yet. Visited Hotel Invalids, where the body of great Napoleon, the 1st rests. Also the Patheron LaGuerre building and seen that great war picture in it, that thousands of people will soon be coming across to see. We visited the King's palace, that was built in 1624 by Louis 14th and many other important places too numerous to mention. London is a very beautiful city more like an American city. Just before leaving England I wrote Tony Nelson, saying "I would be in Nevers Sunday the 18th." Saturday he came over. We had supper together and visited until about 9 o'clock, then hit the hay as we all it. After breakfast the next morning we took a walk of about 6 miles to visit a small town called "Bourshambo," on returning we had a "corn willie" dinner waiting for us. I was somewhat disappointed as I expected roast beef, (the beef did not come) I made the best excuse I possibly could, but Tony laughed and said he did not have to come this far for "corn willie" as they have lots of it over at Mars. I am going to visit on a week from Sunday and if he "eats me to a corn beef dinner I" have the laugh on him. We have very good food, but it just happened when I wanted to put a swell front on the beef man had to be late. I believe this is all for now, but will write again in a few weeks.

Yours truly,
James Cuthbertson.

For a Weak Stomach.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipation take one of Chamberlain's Tablets.

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make, the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

What Did She Mean?

"My husband saved me from drowning."

"That was romantic."

"Yes, it was romantic at the time. But sometimes I have an idea he is gazing at me with a speculative eye."

His Feet.

"The detective who arrested the feeling criminal on the high seas trampled on the impossible."

"How so?"

"He landed his man in the middle of the ocean."

—Louisville Courier-Journal.

STOMACH TROUBLES

AN IRRITABLE, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach troubles by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. Try them. They only cost a quarter.

The Quality Store

WHEN THE GROCER'S BOY SAYS: "A DOLLAR-FIFTY-THREE!"

Of course you never have the even money—and the boy never has any change.

You rummage everywhere for pennies. Or you run around among the neighbors—or the boy goes off with your five dollar bill. Or he takes back the groceries.

It's always annoying, isn't it? And so unnecessary. When you open a charge account at our store your grocery troubles will stop and we will be mighty glad to have you among our hundreds of other satisfied customers.

We have built up this large business because we have always believed in giving real service. Quick deliveries, prompt and correct filling of telephone orders, honest, fairly priced merchandise and our thorough knowledge of the grocery business. We wrap up a generous amount of service with every package we sell.

An example of this service is our recommendation of Ryzon Baking Powder. We offer it to you because we know you'll be delighted with it, because we know it's pure, because we know it will do everything any other baking powder will do. The price is fair too, 40 cents per full pound tin.

We also recommend the Ryzon Baking Book, one of the best and most complete recipe books on modern baking we've ever seen.
